
CONTENTS

Editorial	3
Table of contents	5
Preface	7
M. PIRLOT & R.V.V. VIDAL Simulated annealing: a tutorial	9
L. INGBER Adaptive simulated annealing (ASA): lessons learned	33
G. DZEMYDA Clustering of parameters on the basis of correlations via simulated annealing	55
P.C. BORGES & J.S. FERREIRA Assortment problems with cutting policies	75
H.F. RAVN, J.M. RYGAARD & B. WIBBELS Power network design	97
S.R. ANTONY & C. KOULAMAS Simulated annealing applied to the total tardiness problem	121
S.M. HART The modeling and solution of a class of dial-a-ride problems using simulated annealing	131
M. DI IANNI, R. DIEKMANN, R. LÜLING, J. SCHULZE, S. TSCHÖKE Simulated annealing and genetic algorithms for shape detection	159

P. CZYŻAK & A. JASZKIEWICZ

177

A multiobjective metaheuristic approach to the location of petrol stations by the capital budgeting model
