
CONTENTS

Table of contents	589
J. FREIXAS and G. GAMBARELLI: Common internal properties among power indices	591
M.J. HOLLER: Power, monotonicity and expectations	605
H. NURMI: On power indices and minimal winning coalitions	609
F. TURNOVEC: Power, power indices and intuition	613
J.W. MERCIK: Power and expectations	617
H. SOSNOWSKA: Coalitions and rationality	623
S. TRYBUŁA: A silent versus partially noisy duel under arbitrary moving and under general assumptions on the payoff function	625
S. TRYBUŁA: A duel under arbitrary moving of the duelists	635
E. MLYNARSKA: Sufficient optimality conditions and the dual dynamic program- ming for the calculus of variations	641

J. WAŚOWSKI:	653
On solution of fuzzy equations	
N.E. MASTORAKIS:	659
A multi-step factorization scheme for a specific class of $m - D$ polynomials	
Erratum	665
