Application of the simple additive modelling of the first principle model inaccuracies for the offset-free process control

by

Jacek Czczot, Piotr Łaszczyk

having appeared in issue 2, 2014, vol. 43, pp. 261-277.

The said paper contains wrong Figure 4, which, in fact constitutes a repetition of Figure 5. The correct Figure 4, with respective caption, is given below.

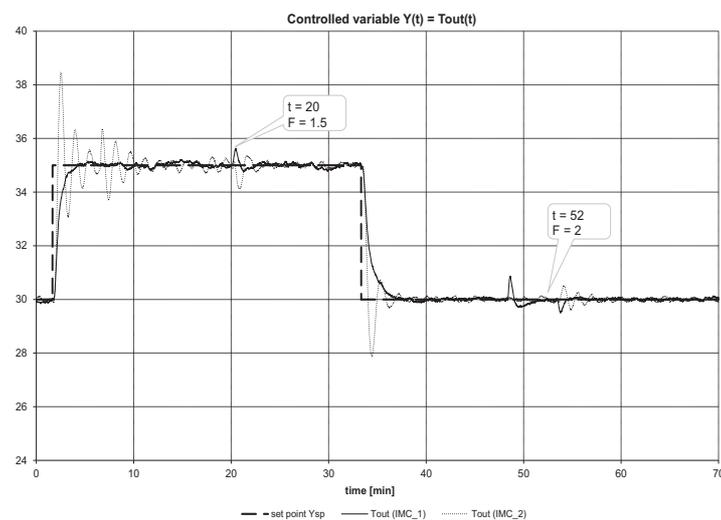

Figure 4. Control performance of the open loop IMController (IMC_1) for the electric flow heater, in comparison with the conventional nonlinear IMC closed loop controller (IMC_2) based only on the *known part* of the model (19)
